Jason,

I know this is a lame substitute for a Christmas card but I had to get a message out to you to simply say thanks. Working with you on the "Keepers of Cars" was really inspiring and though I didn't know it at the time, it was super critical for the next big step in my professional career. Thank you so much for supporting that dream and guiding me in creating an amazing story. It was that project that got me the job.

Little did I know sitting in your office as a man of leisure (as I believe you put it) that I was just months away from taking part in the greatest achievement in my professional career, telling the stories of American space heroes.

I wish you and your family the best of luck in 2017. Keep doing your thing man, you are really amazing at it.

Cheers,

**Jesse**
