What a shop, what a team. You guys are first rate; very impressive. I never saw the upstairs before and the upholstery shop, impressive. As always we had a blast. I could just hang out at your shop all day long. I met your lovely wife for the first time too. Good luck at Amelia. We are not going this year.

Do you have a line for carpets and the sheep skin mats for my 87 Corniche? I also need a set of sheep skin (the car had 3 and is missing the drivers mat) mats for a 1988 (Canadian model) Series III Jag
